The pleasure in this ceremony comes from sharing the delight of the students, their families, friends and loved ones as well as recognising the partnership between students and staff essential to academic success. The joy of parents, relatives and friends offering bouquets of flowers to the graduates with handshakes, kisses, hugs, tears and plenty of everlasting, memorable photographs were enough to keep the atmosphere in high spirits, so special, eye-catching and awesome indeed.

FTMS believes in providing a "Total Learning Environment" for students. FTMS will constantly upgrade and enhance its resources in order to ensure that it designs its programmes, trains its academic staff and improves its facilities to meet the expectations and needs of today's students. Currently, graduates are from the programmes offered through our collaboration with UEL, ARU and LBU.

The handing over of scrolls took place during the ceremony together with the presentation of awards for Best Students in various disciplines. These awards were given to the students whose performance during their period of study was adjudged to have been the best.
